

Refurbishment – Frequency Asked Questions

What is happening to the Centre's building?

The Centre is being modernised and improved. In summary:

- ramped access to the Community Centre, and to the Gym, on the Cambrian Road side of the Centre
- a small extension to the Gym
- a managers' office adjacent to the new Community Centre entrance
- double door access from the kitchen area to the patio area at the back of the Centre
- an accessible toilet for wheelchair users and an accessible toilet for ambulant disabled people
- a new door from the corridor into the main community room area to enable independent use of the two sections of the main community room

When will the refurbishment take place?

The refurbishment of the Centre will start on Monday 26th October and due to be completed by March 2027. We will update you if the timeline changes.

Will the Gym and Centre Activities continue to be available during the refurbishment?

Yes. We have arranged for the Gym and Centre Activities to be available in alternative venues during the period of refurbishment.

See the full list of venues at [here](#) or ask any member of staff.

How do I book a place at the gym and activities at their temporary venues?

Gym slots and places on activities are all bookable in the usual way through Lemon Booking via our website. There is, however, no need to book for the social session on Wednesday lunchtimes at Grove Gardens Chapel – just turn up.

Will prices change during the closure?

No – Trustees have decided to hold fees (last increased in 2025) at the same level during and for a period after the refurbishment.

Are the new venues accessible?

All of the venues are wheelchair accessible. Details of the locations and how to get there are available on the [website](#)

Who do I contact with questions?

Contact the Centre Manager, David Lemon, on manager@cambriancentre.org, or by phone on: 0208 948 3351.

Will you provide updates during the refurbishment?

Yes. We will provide regular updates on how the refurbishment is progressing.
